## Hardy American Plants

---

Rhododendrons, Azaleas,  
Kalmias, Evergreen Trees  
and Shrubs and Hardy  
Herbaceous Perennials

**This Nursery is a Branch of my Highlands Nursery** 100 acres) in the Carolina Mountains (3,800 feet elevation), where this stock is grown in large quantities in a climate and soil peculiarly adapted to producing well-formed absolutely hardy specimens of our choicest Native American Ornamentals.

At Salem Branch it is only possible to keep a **limited stock of specimens**, and for direct shipments. Prices at my Highlands Nursery are, of course, somewhat lower. Specially selected specimens will always be charged for accordingly.

**A general collection** of stock of the choicest selection is offered from Salem Branch in addition to my Hardy American Plants. Dealing with the leading nurseries here and abroad my facilities for supplying the best at low prices is unexcelled.

**A Beautifully Illustrated Catalogue** of Highlands Nursery will be mailed on request. Over 600 species listed.

**Shipments in Car Lots** of Rhododendrons, etc., direct from **Highlands Nursery** or from **Salem Branch** so far as the more limited stock at latter Nursery will allow.

**Prices are consistent** with quality of stock offered, which is of the best. **Cheap stock is costly at any price.**

**Landscape Department.** Visits gladly made for consultation and advice, to make surveys, and designs and planting plans. Entire construction, planting and carrying out of Landscape work of all kinds undertaken, and charges will be found reasonable.

**Visitors always welcome** at my Nurseries or office. Every place has its own peculiar problems and a discussion of details may prove helpful in unexpected ways.

Always address

**HARLAN P. KELSEY, Owner, Salem, Mass.**
